

NOTICE OF BUS STOP CHANGE

Chevy Chase Center

Giant Food

From now until Labor Day (estimated date) the Friendship Heights Village shuttle bus will not have access to its stop at the front of the Giant store at Chevy Chase Center. This is due to ongoing construction at the Center.

During this period the bus will pick up and discharge passengers on Wisconsin Circle in front of the former TRiPS transit store. This provides an accessible route, on a pedestrian walkway, through the Center garage. From the garage there are elevators that stop in front of the Giant. The path is primarily under cover. A bench and chair have been placed adjacent to the stop so that people can wait for the bus. Additional signage, directing passengers, has also been installed.

All of us regret the inconvenience this will cause. We hope that passengers will understand the situation and bear with it until our regular bus stop is restored.
