Page Park Construction Update January 6, 2023

Construction is back on schedule after the recent holidays and poor weather conditions. This week the crew continued to place stone slabs on top of the surrounding walls to create a circular sitting area. Also, the standing pergola structure was painted gray. According to the contractor, the stone work is anticipated to be completed in about four weeks, then the main pathway is expected to be closed for construction in early February for approximately one week. GreenSweep will give us advanced notice before the pathway will be closed so we can alert the community.
