The meeting was held via Zoom and called to order at 6:00 pm.

Topics:

- Committee Roundtable:
  - Revision to the August 9<sup>th</sup> Minutes: Willard Towers is now utilizing the Village Shuttle to augment a reduced Willard Towers Shuttle schedule. There is a need to explore means to get residents closer to the entrance and away from the dangerous intersection of Willard Ave, North Park, and the Willard garage entrance – especially for people with ambulatory challenges and packages. Council Member Cheryl Tyler noted that the Village Council was looking into alternatives to right size the shuttle for number of users as well as the added stops.
- Discussion of a recent townhall with the State Fire Marshall and local Senators and Delegates regarding the mandate for sprinkler systems in all buildings built after 1975.
- Discussion of potential demographic and resident interest survey for the Village. If asked to help support, the Committee would like to be involved in advocacy, potential results review, and potential forums to discuss. Depending on the direction of the project other actions could be considered.

The next Committee meeting will be held on October 5th at 6 pm via Zoom.
