

Welcome to the Friendship Heights Village Center

The Village Center, which opened in April, 1986, is our neighborhood community center and is the central meeting place for our multicultural, multigenerational community of 5,400 residents. An abundant, free resource open to Village residents and to the public, we offer year-round cultural arts and health programming for all ages, facility rentals, and novel services not found in any other community center nearby. Stay in the know through our website, monthly newsletter and opt-in resident alerts. Don't miss a single way this important Friendship Heights perk can enrich your daily life.
