Make a Difference in Your Community

We accept everything from housewares and electronics to fashion accessories and video games.

Donations are the fuel that enables Goodwill to operate. Without donations, our local nonprofit would not be able to provide career paths and training that help people improve their lives.

Donating to Goodwill is also good for the planet. Donor support for Goodwill creates a more sustainable community by further reducing the amount of material sent to our local landfills. Every year, Goodwill of Greater Washington resells, repurposes, or recycles millions of pounds of material goods - including plastic film and glass.
