Simon and Garfunkel musical comes to The National Theatre

Travel with us to the National Theatre for "The Simon and Garfunkel Story" on **Sunday, March 15.**

This immersive concert-style theater show chronicles the amazing journey shared by the folk-rock duo Paul Simon and Art Garfunkel, from their humble beginnings to their incredible success, as one of the top-selling groups of the '60s and their dramatic split in 1970, culminating in their famous "The Concert in Central Park" reunion. The show uses huge projection photos and original film footage, with a live band performing all the hits including "Mrs.

Robinson," "Bridge Over Troubled Water," "Homeward Bound" and many more.

We'll depart from the Village Center at 5:15 p.m. and should return by 9:30 p.m.

The cost of the trip, including transportation and orchestra seat, is \$145. Residents who sign up by Feb. 20 pay \$125. Residents and a resident guest may sign up at the Village Center immediately. Nonresidents may sign up beginning Feb. 21.

A portion of this trip was made possible by a generous donation from the estate of Ana Gardano.

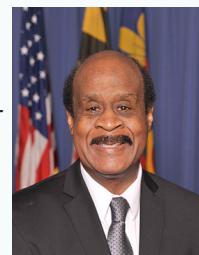

A look at African-American history in the Village with special guest Ike Leggett

Join us on **Thursday, Feb. 26, at 6:30 p.m.** at the Village Center as we learn more about Black history in Friendship Heights and Montgomery County with Council Historian Dr. Alfred Muller and former Montgomery County Executive Isaiah "Ike" Leggett. Muller will give an overview of some of the long forgotten events: plantation life on River Road, a lynching on Willard Avenue, and the failed attempt to build a Black middle class community where Tiffany & Co. and Saks Fifth Avenue now stand. These introductory remarks will be followed by our special honored guest, former three-term County Executive Leggett, who oversaw the building of present-day, multiracial Montgomery County,

its achievements and remaining challenges.

Leggett was chair of the Montgomery County Human Relations Committee, on which he served from 1979 to 1986.

In 1986, he was elected the first African American to the County Council and served three terms, also serving three terms as Council President. During his time on the Council, Leggett chaired the Council's Transportation and Environment Committee and played a role in the passage of a County living-wage law and public smoking ban.

Book talk recounts life on plantation 100 after slavery

Dr. Tracie Therence Ferrell and her mother Vernita Gillard Hills will discuss their autobiography, "Life on Whitney Plantation: 100 Years after Slavery" during a book talk and signing at the Village Center on **Monday, Feb. 23, at 7 p.m.** They will be joined by artist Lionel Lloyd,

who has extensively photographed sites pertaining to African American history on and around the plantation. The autobiography is based on the lived experience of their family, including Hills, as the last family of enslaved descendants on the famous Whitney Plantation in Louisiana. The discussion will aim to raise awareness of the disparities among those marginalized and those that marginalize.

Lloyd's work is on exhibit in Friendship Gallery as part of our recognition of Black History Month.

Copies of "Life on Whitney Plantation: 100 Years after Slavery" will be available for free to the first 30 people to register and attend.

Registration is required. See page 2 for details.

Please email your memories to info@friendshipheightsmd.gov or stop by the Village Center and put them in a specially marked box at the front desk. Please limit submissions to 50 words. Select submissions will be featured on our website.

Village Council Update

Update on Page Park

Following the Village Council's decision at its December meeting to remove the pergola in Page Park, the Village learned that a demolition permit was required by Montgomery County DPS. The Village's contractor, Managed Homes, applied for the permit and received approval from the County. The Village Manager approved the proposal from Managed Homes for the pergola removal at a cost of \$7,547. The Village will notify the buildings and community through its communications channels in advance of the pergola removal once it is scheduled.

The Stormwater Management concept plan (#300715) was approved by DPS's Water Resources Section, Division of Land Development Services, on January 20. It concluded that the concept meets required stormwater management goals via Environmental Site Design to the maximum extent practicable using one landscape infiltration facility and three rain gardens to mitigate stormwater runoff. Clark Azar, the civil engineering firm, informed the Village that it will submit its Erosion and Sediment Control package to the County when it has been completed. For additional information regarding Page Park, please visit the Village website's Page Park Project page at <https://bit.ly/4b9k7XU>.

Update on the Red House

Following the County's approval of the commercial building permit application, the Village's general contractor, Managed Homes, began the renovation work at the Red House that is required for ADA compliance. Jim Wilson, project manager, and the Village Manager are holding bi-weekly meetings with the contractor to review the progress of the work. The work is proceeding on schedule thus far.

As this issue goes to press, Managed Homes has done the rough-in for the new ADA bathroom on the main level and has removed the exterior rear wall along the stairway leading down to the kitchen and poured a new concrete wall to accommodate the wider entrance to the kitchen. The lower half of the existing exterior staircase that leads to the second floor has been removed and will be reconfigured at the bottom. Managed Homes has coordinated the required third-party inspection for the concrete work and will submit this to DPS for its required inspection.

Managed Homes expects to complete its work by early April. To view the project work schedule, visit <https://bit.ly/4pS6U9j>. The tenant will then need to renovate the kitchen in the basement of the house. This portion of the work will begin once the Village's renovations are completed.

Montgomery Planning to present preliminary Sector Plan recommendations

Montgomery Planning will share its preliminary recommendations for the Friendship Heights Sector Plan. The first presentation will be held in person on **Tuesday, February 3, at 7 p.m.**, at the Wisconsin Place Community Recreation Center (5311 Friendship Boulevard, Chevy Chase, MD 20815). Visit <https://bit.ly/4jEm7cN> to register. The second presentation will be held virtually on **Thursday, February 5, at 7 p.m.** The virtual presentation will be recorded and posted on the plan website at <https://bit.ly/4jEJYJb>. Registration is required to receive the Zoom link. The Planning staff will present the recommendations to the Planning Board on February 12. Since this is an update briefing, the Planning Board will not take any action but will provide feedback to staff. Residents can watch the public meeting live or on-demand at <https://bit.ly/4b3v0KJ>. Montgomery Planning staff will continue developing the draft plan based on community and Planning Board feedback and anticipates sharing the plan's Working Draft, or the full draft of the sector plan, this summer.

New shuttle bus put into service

We are happy to announce that the new Village shuttle has been put into service. The new low-floor bus has an automatic ramp and 12 fixed seats, with two additional

fold-down seats to be added near the front. It is smaller than the previous bus and can maneuver more easily through the circular drive-ways at various locations. The

bus operator, RMA, is using an app called Ride Pingo for residents to locate bus stops, track the location and status of the bus, and receive notifications of any delays in service. To download the Ride Pingo app on your phone, visit <https://ridepingo.com>.

Actions taken at the January 12 meeting:

- Adopted social media policy, ethics policy, travel policy, and Village Center rental policy.
- Approved Mayor Schaeffer's appointment of John Hisle to serve on the Climate Change and Environment Committee.

The next scheduled Village Council meeting will be held on Monday, February 9, 2026, at 6:30 p.m., and will be open to the public at the Village Center and livestreamed. Please visit our website at www.friendshipheightsmd.gov for additional details.

Checking in on Czech puppets

Village Center welcomes puppeteers from historic theater

Puppetry holds a special place in Czechoslovakian history.

The art form began in folk traditions in the 16th century, but enthusiasm for puppetry exploded in the early 20th century. Puppets were seen as a cultural force that helped to keep the Czech language alive.

Puppet theater was accessible to middle-class families, and shows were marketed to families. The Friendship Heights Village Center has the rare opportunity to host puppeteers from the Czech Puppet Theatre during their American performances at venues in New York, Philadelphia, Pittsburgh and Washington, D.C.

Join us on **Thursday, Feb. 5, at 7 p.m.**, at the Village Center for a unique and entertaining evening with two of the most famous Czech characters—the father-and-son team of Spejbl and Hurvinek.

The performance will be in English and is expected to last about 45 minutes. It promises to be fun for the entire family!

Telling the stories of feminine strength amid adversity

In honor of International Women's Month in March, the Friendship Heights Village Center will celebrate female strength and resilience as told in the works of authors Laura Knoy and Iris Mitlin Lav during book talks and signings on **Thursday, March 5, from 7 to 8:30 p.m.**

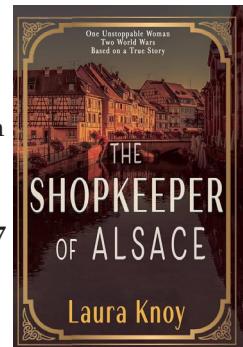

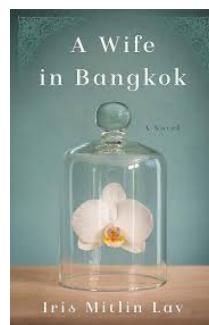

"The Shopkeeper of Alsace," by New Hampshire Public Radio journalist Knoy is an "uplifting tale of family, love, resilience and one unstoppable woman" amidst two World Wars.

In "A Wife in Bangkok," Lav tells the story of Crystal, who reluctantly follows her husband from a small town in Oklahoma to Thailand in the aftermath of the Vietnam War. Hers is a story of sacrifice, self-discovery and struggles battling depression, while adapting to a very different culture.

Join us for a captivating evening as both authors discuss and sign their respective books.

Copies of "The Shopkeeper of Alsace" and "A Wife in Bangkok" will be available for purchase.

Registration is required. See page 2 for details.

Join our winning Senior Cardboard Boat Regatta team

Construction has begun on the Friendship Heights Village Center/ Wisconsin Place entry in Montgomery County's Senior Cardboard Boat

Regatta. The regatta gives local seniors a chance to tap into their construction skills in a way that is creative and fun that encourages teambuilding.

Made exclusively of cardboard, duct tape and trash bags, last year's team entry took home the trophy for the most creative entry. While our boat stayed afloat, we fell short and came in fifth. This year, we're determined to win it all!

We're looking for team members who are 55 or older, to meet every Tuesday for about 90 minutes at Wisconsin Place Recreation Center to construct and decorate the boat. We're also looking for cheerleaders to join us on **Wednesday, March 11**, for the regatta.

For more information or to sign up to attend the meeting, call the Village Center at 301-656-2797.

Capture a child's creativity with art and a story

Connie Boneo, a Virginia art instructor with more than 20 years experience, hosts a one-hour workshop for children ages 6 to 8, on **Saturday, Feb. 21, from 11 a.m. to 12 p.m. at the Village Center.**

She'll read Jan Brett's *Three Snow Bears* and guide the children in a drawing exercise related to the story.

The story takes place in the Arctic and follows an Inuit girl named Aloo-ki, who searches for her dogs after they drift away on an ice floe. During her journey, she discovers a polar bear family's igloo. While the bears are away, Aloo-ki samples their soup, tries on their boots, and rests in their beds. She eventually falls asleep and later leaves the igloo before the bears return.

After the story, the children will learn how to draw bears using basic shapes and lines. Finally, they will color their drawings using crayons.

The cost is \$15 per child. Children must be accompanied by a parent. A minimum of six students is required.

Registration is required. See page 2 for details.

Design Forecast '26

Next year is all about moodier colors, softer lines, and warmer, more intentional homes.

Dusty Jewel Tones

Smoked emerald, inky teal, plum, and clay will warm up a room instantly (no more flat greige).

Color Drenching 2.0

Wrap walls, trim, and ceilings in one saturated hue for a cozy, cocooned look.

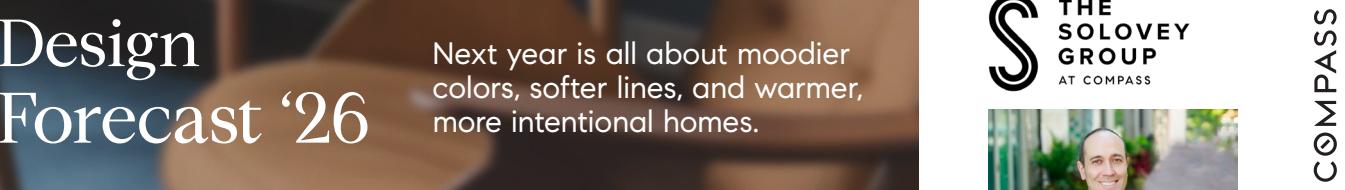

Mismatched, On Purpose

Lean into unlikely pattern or fabric pairings for rooms that feel layered and personal.

Tiles & Tactile Walls

Plasterwork, lime wash, and painted tiles add soft texture, giving your home a boutique feel.
