

## **MONTGOMERY PARKS FOUNDATION**

2425 Reddie Drive, 12th Floor

Wheaton, MD 20902

---

Are you a resident of Montgomery County? Do you care about the quality of life in the County? Do you love parks and green spaces? The Board of Directors of the Montgomery Parks Foundation will be filling three or four vacancies in the months ahead.

MPF was established in 1992 to facilitate the maintenance and growth of the County's nationally ranked parks system. The Foundation is a 501(c)3 entity with its own Board and budget. But it works closely with the leadership of the Parks Department under a special MOU to establish priorities and funding needs.

The Foundation Board focuses on three areas: environmental quality/conservation, recreation, and access to green spaces in low and middle-income neighborhoods where affordable townhouses and high-rise rental buildings are being built.

For more information, visit the Foundation's website <https://montgomeryparksfoundation.org/>, or contact Clara M. Lovett at 301-408-8017.
