Page Park and Path to Somerset Will be Closed to Perform ADA and Stormwater Management Work

SFMS, the Village contractor hired to perform the ADA improvements and stormwater management work at Page Park, has informed the Village that for safety reasons it will need to keep the entire park closed to complete its operations, **which also includes the walking path that leads to the Town of Somerset** (behind 4615 North Park Apartments). Therefore, please be advised that, effective August 21, 2026:

****Page Park is an active construction site, so the Village kindly requests everyone to please keep out of the park****

We appreciate your understanding and apologize for any inconvenience. We will update the community as soon as the park and Somerset path are ready to reopen.
